## Access to an Adolescent's (age 12-17) or Adult's MyChart Record

To request access to the MyChart record of an adolescent age 12-17 or an adult whose medical care you help manage, please complete this form. The patient's MyChart record will be accessed through your MyChart record. If you do not have access to MyChart an activation letter will be sent to your home address. You will then need to activate your account to view the adolescent or adult's MyChart record. **Once an adolescent reaches age 18, this form will expire and a proxy will no longer have access to the child's MyChart record.** This form may be completed again for Adult Proxy at that time.
